

DESIRED SAFETY BEHAVIOR

- Be always attentive at your work.
- Be aware of all relevant HSE rules and observe these at all times.
- When performing new or routine tasks, ask if it is safe and discuss with colleagues.
- Make supervisor/manager aware of hazards, behaviors and barriers that prevent persons from working safely.
- Pay attention to safety of yourself & colleagues who might be affected by the activities conducted.
- Take the safety advice of colleagues and supervisors seriously.
- Ensure that the employees work safely and support them in doing so.
- Always report incidents so that the probable future ones can be prevented.
- Comply with the safety instructions and procedures.
- Use the safety equipment properly and don't tamper with it.
- Set an example by always working safely.

A handwritten signature in blue ink, appearing to read 'Ashish Khanna'.

Ashish Khanna

CEO & Executive Director
