Tata Power Solar Systems Limited

TATA POWER SOLAR
ENABLING SOLAR EVERYWHERE

- After acquiring the 51 per cent stake held by UK-based BP Global in June 2012, Tata Power renamed Tata BP Solar as Tata Power Solar Systems Limited. Tata Power Solar operates in three distinct segments: solar PV module manufacturing, EPC services for solar power projects, and the manufacturing of off-grid solar-powered products.

Solar operates in three distinct segments: solar PV module manufacturing, EPC services for solar power projects, and the manufacturing of off-grid solar-powered products.
