Tata Power wins 210-MW solar EPC contract from NTPC

FE BUREAU
New Delhi, June 2

TATA POWER SOLAR said on Wednesday it has received a letter of award for an engineering, procurement and construction (EPC) contract to build 210 mega-watt (MW) solar projects for TPC. The total order value of the projects is about ₹686 crore and the commissioning date for NTPC is set for November 2022.

With this contract addition, the order pipeline of Tata Power Solar stands at about 2,800 MW with an approximate value of ₹13,000 crore, the company said.

Tata Power's solar EPC business has shown significant growth in the recent years, with earnings before interest, taxes, depreciation and amortisation (Ebitda) for this business segment increasing more than twice annually to ₹185 crore at the end of FY21.

Analysts expect Ebitda from the solar EPC segment to rise at 16% compound annual growth rate over FY21-23 to ₹440 crore. The company had received new solar EPC orders worth ₹2,294 crore in Q4FY21 itself.

Tata Power wins 210 MW solar EPC contract from NTPC

“Tata Power Solar is the leader in producing solar energy across the country and this (latest order) further validates Tata Power Solar’s excellent execution skills in solar projects,” Praveer Sinha, CEO of Tata Power said. At the end of FY21, Tata Power solar EPC order book capacity was at 2,824 MW, of which 1,100 MW were from NTPC. About 550 MW of Tata Power Solar’s overall EPC orders, worth ₹2,000 crore, had mandatory domestic content requirement.

Enthused by the market visibility offered through various central government solar schemes with the mandatory domestic content requirement, Tata Power Solar has also recently put on stream additional module and cell manufacturing capacity, taking the total capacity to 1,100 MW, from 700 MW that existed earlier.

Synopsis

With this addition, the order pipeline of Tata Power Solar stands at about 2.8 gigawatts (GW) with an approximate value of Rs 13,000 crore, thereby cementing its position as India's leading solar EPC (engineering-procurement-construction) player.

Tata Power Solar has got a letter of award for an order worth Rs 686 crore from state-owned power giant **NTPC** **NSE 0.31 %**, according to a statement. Tata Power Solar, India's largest integrated solar company and a wholly-owned subsidiary of Tata Power, has received a letter of award (**LoA**) to build 210 megawatt peak (MWp) of **solar PV**

projects for NTPC, the statement said.

The total order value of the projects is about Rs 686 crore, it added.

The commissioning deadline has been set as November 2022.

Tata Power Solar Adds 210MWp NTPC Award To EPC Portfolio

By Praveena Singh / Updated On Thu, Jun 3rd, 2021

Tata Power Solar, India's largest integrated solar company and a wholly-owned subsidiary of Tata Power, has received "Letter of Award" (LoA) to build 210 MWp of Solar PV projects for NTPC. The total order value of the projects is approximately Rs 686 crore. The commissioning date has been set for November, 2022.

With this addition, the order pipeline of Tata Power Solar's EPC book stands at approximately 2.8 GW with an approximate value of Rs 13,000 crore, thereby cementing its position as India's leading Solar EPC player. The firm has had regular success winning NTPC contracts, on the back of its scale and experience.

70+ GW solar panels installed globally as of 31.12.2020 Jinko Solar

The scope of work includes land, transmission, engineering, procurement, installation and commissioning of the solar projects. The NTPC project site is located in Gujarat.

Speaking on the achievement, Dr. Praveer Sinha, CEO & MD, Tata Power said, "We are pleased to announce the new win of this large solar EPC contract from NTPC. Tata Power Solar is the leader in producing solar energy across the country and this further validates Tata Power Solar's excellent execution skills in solar projects."

Tata Power Solar has been an early entrant in the solar market, and is the leading rooftop EPC player too.

The firm has a solid track record of executing large projects such as the 250 MW Ayana at Ananthapur, 50 MW Kasargod at Kerala, 56 MW Greenko, 30 MWp Solar Power Plant in Lapanga, Odisha and 105 MWp of Floating solar at Kayamkulam.

The firm has built up the largest rooftop solar presence in the country among EPC's, and is probably one of the few truly national players, in a market dominated by regional players. With its own cell and module manufacturing facilities in place, Tata Power Solar has also announced expansion plans in manufacturing. That should provide it with greater flexibility in sourcing as well as control, at a time when the

Tata Power Solar has bought a letter of award for an order price Rs 686 crore from state-owned energy large NTPC, based on a press release.

Tata Power Solar, India's largest built-in photo voltaic firm and a wholly-owned subsidiary of Tata Power, has acquired a letter of award (LoA) to construct 210 megawatt peak (MWp) of photo voltaic PV tasks for NTPC, the assertion mentioned.

The complete order worth of the tasks is about Rs 686 crore, it added.

The commissioning deadline has been set as November 2022.

With this addition, the order pipeline of Tata Power Solar stands at about 2.8 gigawatts (GW) with an approximate worth of Rs 13,000 crore, thereby cementing its place as India's main photo voltaic EPC (engineering-procurement-construction) participant.

The scope of work contains land, transmission, engineering, procurement, set up and commissioning of the photo voltaic tasks. The NTPC project web site is positioned in Gujarat.

Biznextindia : Tata Power Solar has received "Letter of Award" (LoA) from NTPC to build 210 MWp of Solar PV projects in Gujarat. The total order value of the projects is approximately INR 686 crore and the project is scheduled to be commissioned by November, 2022. The scope of work includes land, transmission, engineering, procurement, installation and commissioning of the solar projects.

With this addition, the order pipeline of Tata Power Solar stands at approximately 2.8 GW with an approximate value of INR 13,000 crore, thereby cementing its position as India's leading Solar EPC player.

टाटा पावर सोलर को एनटीपीसी से मिला 686 करोड़ रुपये की सौर परियोजना का आर्डर

सभी दिल्ली, दो जून टाटा पावर सोलर को सार्वजनिक क्षेत्र की बिजली कंपनी एनटीपीसी से 686 करोड़ रुपये का आर्डर मिला है।

टाटा पावर सोलर ने शुभकार को एक बयान में कहा कि उसे एनटीपीसी के लिये 210 मेगावाट अग्निकलन (एमएनएचपीवी) उत्पादन क्षमता का संयंत्र लगाने का लेकर ठेके का आबंटन पत्र मिला है।

परियोजना के लिये कुल ऑर्डर मूल्य 686 करोड़ रुपये है। इसे नवंबर 2022 में चालू करने की सम्पत्ती है।

इसके साथ देश की सबसे बड़ी एकीकृत सौर कंपनी और टाटा पावर की पूर्ण अनुधुनी इकाई टाटा पावर सोलर के पास कुल ऑर्डर करीब 2800 मेगावाट तक पहुंच गये हैं जिसका मूल्य करीब 13,000 करोड़ रुपये है।

सौर परियोजना से जुड़े कार्यों में जमीन, परीक्षण, इंजीनियरिंग, स्थापना और उसे चालू करना शामिल है।

टाटा पावर के सीईओ और प्रबंध निदेशक प्रवीर सिन्हा ने कहा, "...टाटा पावर सोलर देश भर में सौर ऊर्जा के उत्पादन में अग्रणी है। एनटीपीसी से मिला यह आर्डर टाटा पावर सोलर के सौर परियोजनाओं के उल्लेख निष्पादन बौद्धिक की पुष्टि करता है।
