## Tata Power Solar Systems to Set Up Project for SJVN in Gujarat

Our Bureau

**Mumbai:** Tata Power Solar Systems (TPSSL), 100% subsidiary of Tata Power Renewable Energy (TPREL), will set up a 100-megawatt ground-mounted solar project for SJVN in Gujarat for ₹612 crore.

SJVN is an Indian public sector undertaking having business interests in hydro, thermal, solar, wind and in power transmission and power trading. It is a joint venture between the Government of India and the government of Himachal Pradesh.

The bids for the project, located at the Raghnesda solar park plot C, Gujarat, were invited earlier this year and the project has been awarded through tariff-based competitive bidding. The project will get commissioned within 11 months from the date of receiving the letter of award.

"TPSSL has commissioned several large-scale solar ground-mounted projects in the country. TPSSL is a pioneer in curating customised strategic renewable projects and with this win its total portfolio will touch 9.9 GWp. As on date, TPSSL's total order book stands at ₹15,520 crore," the company said in a press statement.
