Tata Power Renewable picks up LoA for 150-MW solar project in Maharashtra

November 9 (Renewables Now) - Tata Power Renewable Energy Limited (TPREL) will build a 150-MW solar farm in the Indian state of Maharashtra, having secured the project in a competitive procedure.

The Indian renewables developer said on Wednesday that it has received the letter of award (LoA) from the Maharashtra State Electricity Distribution Corporation Limited (MSEDCL) to set up the project. It said it had Solar power plant. Source: Tata Power won the LoA through tariff-based competitive bidding

	00-4m-2022 (#.33				
	Tata Power Renewable Energy (TPREL), a subsidiary of Tata Power receives the 'Letter of Award' (LoA) from the Maharashtra State Electricity Distribution Corporation (MSEDCL) to set up 150MW solar project in Solapur, Maharashtra. The LoA was won through tariff-based competitive bidding followed by an e-Reverse auction. The project will be commissioned within 18 months from the PPA execution date.				
	With this, the total renewables capacity of TPREL reaches 5,786 MW with an installed capacity of 3,877 MW (Solar - 2,949 MW & Wind - 928 MW) and 1,909 MW under various stages of implementation.
