Tata Power Renewable Energy Gets Award To Set Up 255 Mw Hybrid Project In Karnataka

By: Industry Outlook Team | Thursday, 29 December 2022

Tata Power Renewable Energy, a subsidiary of the Tata Power said it has received the Letter of Award from Tata Power Delhi Distribution (DDL), for setting up a 255 MW wind-solar hybrid power project in Karnataka. According to the official press release, the power generated from the project will be supplied to Tata Power-DDL, a joint

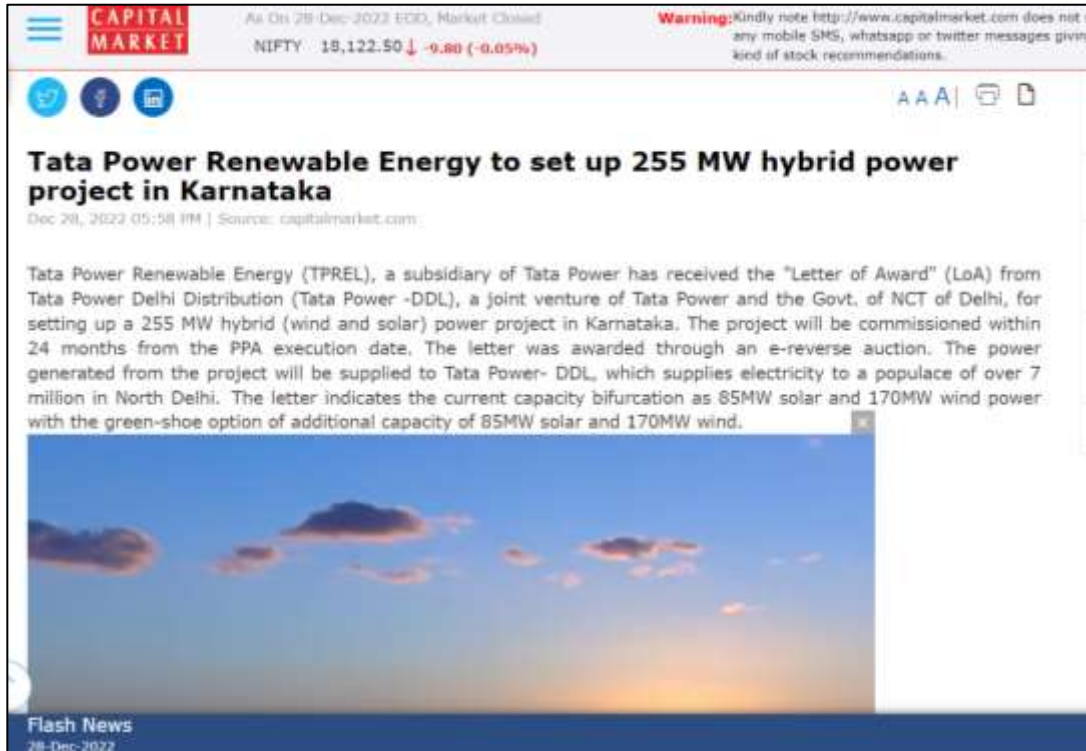

venture of Tata Power and the Govt. of NCT of Delhi. "The letter indicates the current capacity bifurcation as 85 MW solar and 170 MW wind power with the green-shoe option of additional capacity of 85 MW solar and 170 MW wind," added the release.

The project will be commissioned within 24 months from the PPA execution date. The letter was awarded through an e-reverse auction.

"This association will also encourage other discoms in the country to enhance the share of sustainable energy in their overall energy mix and contribute towards the country's net zero emission target," said Ashish Khanna, CEO, Tata Power Renewable Energy.

With this win, the total renewables capacity of Tata Power Renewable has reached 6,048 MW with an installed capacity of 3,884 MW and 2,164 MW under various stages of implementation, added the press release.

Tata Power's Renewable Arm To Set Up 255 MW Hybrid Project In Karnataka

India Infoline News Service | 29 Dec, 2022 | 9:44 AM

- The project will be completed within 24 months of the execution date of the PPA.

Tata Power Renewable Energy Limited (TPREL), a Tata Power subsidiary, has received a Letter of Award (LoA) from Tata Power Delhi Distribution Limited (Tata Power -DDL), a joint venture of Tata Power and the Government of the National Capital Territory of Delhi, for establishing a 255 MW hybrid (wind and solar) power project in Karnataka.

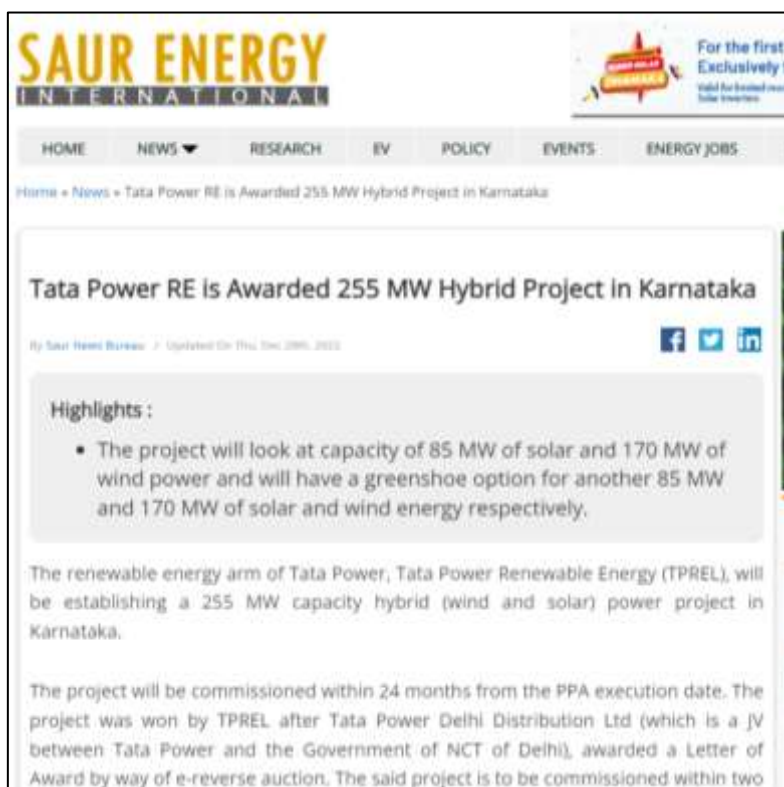

The project will be completed within 24 months of the execution date of the PPA. The letter was won in an e-reverse auction.

The power generated from the project will be supplied to Tata Power-DDL, which serves a population of over 7 million people in North Delhi.

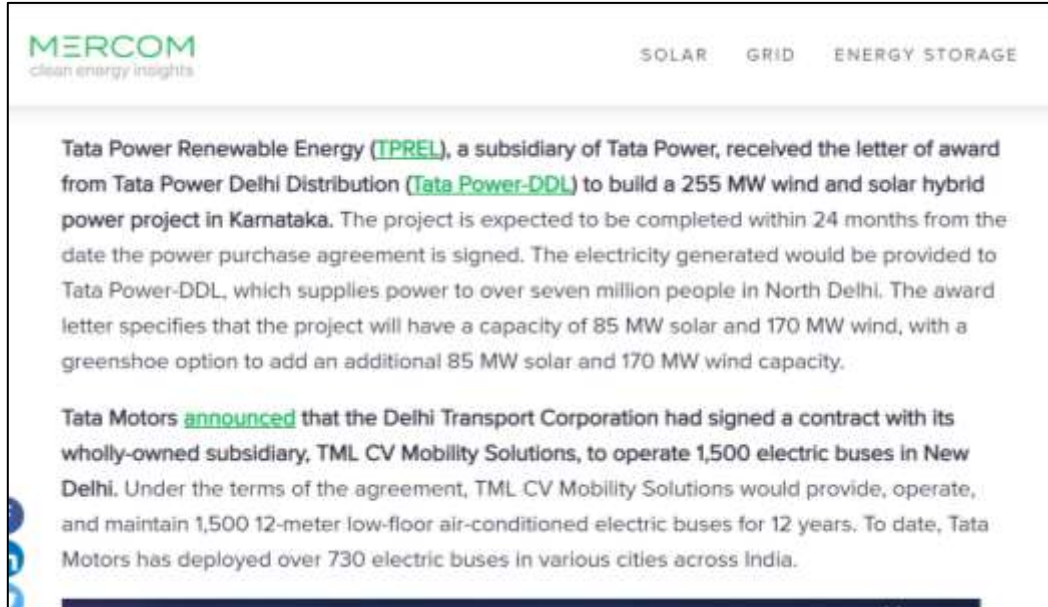

The letter specifies the current capacity bifurcation as 85MW solar and 170MW wind power, with the green-shoe option of adding 85MW solar and 170MW wind capacity.

Following this win, TPREL's total renewables capacity now stands at 6,048 MW, with 3,884 MW installed (Solar - 2,856 MW & Wind - 928 MW) and 2,164 MW in various stages of development.

Tata Power Renewable Energy Limited receives 'Letter of Award' to set up 255MW Hybrid Project for Tata Power Delhi Distribution Limited

December 29, 2022

Read Time: 1 Minute, 12 Second

Bangalore, December 29, 2022: Tata Power Renewable Energy Limited (TPREL), a subsidiary of Tata Power has received the "Letter of Award" (LoA) from Tata Power Delhi Distribution Limited (Tata Power -DDL), a joint venture of Tata Power and the Govt. of NCT of Delhi, for setting up a 255 MW hybrid (wind and solar) power project in Karnataka. The project will be commissioned within 24 months from the PWA execution date. The letter was awarded through an e-reverse auction.

The power generated from the project will be supplied to Tata Power- DDL, which supplies electricity to a populace of over 7 million in North Delhi. The letter indicates the current capacity bifurcation as 85MW solar and 170MW wind power with the green-shoe option of additional capacity of 85MW solar and 170MW wind.

Speaking on the project win, Mr Ashish Khanna, CEO, Tata Power Renewable Energy Limited, said, "We are pleased to facilitate Tata Power-DDL's clean energy requirements with the 255 MW hybrid power
