Tata Power Solar Achieves Milestone, Surpasses ₹3,500 Crore in Solar Project Financing

Tata Power Solar Systems Limited (TPSSL) has witnessed a 0.20 percent increase in its shares following reports that the company has successfully facilitated over ₹3,500 crore in customer financing for solar projects in the last 4.5 years. Collaborating with more than 20 financial institutions, TPSSL has been a key player in promoting solar adoption by providing tailored financing solutions to residential, commercial, and industrial customers.

The company's financial models, strategically designed to minimize upfront investment while ensuring long-term returns, have supported the financing of more than 2,200 commercial and industrial projects, amounting to approximately ₹3,400 crore. Notably, states such as Maharashtra, Gujarat, Punjab, Karnataka, and Rajasthan have taken the lead in availing these innovative financing solutions, contributing to Tata Power Solar's substantial success in the solar project financing landscape.

Evaluate

Tata Power Company's subsidiary -- Tata Power Renewable Energy's (TPREL) wholly owned subsidiary -- Tata Power Solar Systems (TPSSL) has facilitated over Rs 3,500 crore of customer financing for solar projects during the last 4.5 years. This has led the Company to emerge as the nation's most preferred and trusted green energy partner which is mainstreaming the adoption of Solar Energy in the country. This momentum built over the years will help support the wide scaled adoption of solar energy in the country.

TPSSL has achieved this feat through collaborations with more than 20 active financing partners, including PSUs, Private Banks, and NBFCs. The extensive network consists of State Bank of India (SBI), Small Industries Development Bank of India (SIDBI), Union Bank of India (UBI), HDFC, Bank of Baroda, Tata Capital, Greenlance Energy, Ecofy, Credit Fair, and Paytm as the primary lending partners.

Tata Power Solar Drives ₹3,500 Crore Customer Funding Milestone

🕒 Feb 03, 2024

Tata Power Solar Systems Limited (TPSSL) has experienced a 0.20 percent surge in its stock value, attributed to its remarkable achievement of facilitating over ₹3,500 crore in customer financing for solar projects within the last 4.5 years. In collaboration with over 20 financial institutions, TPSSL has emerged as a pivotal player in advancing solar adoption by delivering customized financing solutions to a diverse range of customers, including residential, commercial, and industrial sectors.

The company's innovative financial models, strategically crafted to minimize initial investments while ensuring sustained returns, have been instrumental in securing funding for more than 2,200 commercial and industrial projects, totaling approximately ₹3,400 crore. Significantly, states such as Maharashtra, Gujarat, Punjab, Karnataka, and Rajasthan have embraced these pioneering financing solutions, underscoring Tata Power Solar's substantial success in the solar project financing arena.
